

# Certificate

The IT product identified in this certificate has been evaluated at the Norwegian evaluation facility described on this certificate using Common Methodology for IT Security Evaluation, according to the version number described on this certificate, for conformance to the Common Criteria for IT Security Evaluation according to the version number described on this certificate. This certificate applies only to the specific version and release of the product in its evaluated configuration and in conjunction with the complete Certification report. The evaluation has been conducted in accordance with the provisions of The Norwegian Certification Authority for IT Security (SERTIT) and the conclusions of the evaluation technical report are consistent with the evidence adduced. Certification does not guarantee that the IT product is free from security vulnerabilities. This certificate only reflects the view of SERTIT at the time of certification. It is furthermore the responsibility of users (both existing and prospective) to check whether any security vulnerabilities have been discovered since the date shown of this certificate. This certificate is not an endorsement of the IT product by SERTIT or by any other organization that recognizes or gives effect to this certificate, and no warranty of the IT product by SERTIT or by any other organization that recognizes or gives effect to this certificate, is either expressed or implied.

**Product Manufacturer:** Thinklogical

**Product Name:** VX320A Router KVM Matrix Switch

**Type of Product:** KVM Matrix Switch

**Version and Release Numbers:** VXR-A00320 Rev A.

**Assurance Package:** EAL 4

**Evaluation Criteria:** Common Criteria version 3.1 Revision 4

**Name of IT Security Evaluation Facility:** Norconsult EVIT

**Name of Certification Body:** SERTIT

**Certification Report Identifier:** SERTIT-049 CR, issue 1.0, 28 November 2013

**Certificate Identifier:** SERTIT-049 C

**Date Issued:** 28 November 2013
